# Harvard has cell biology covered from start to finish!

## Pipette Pullers

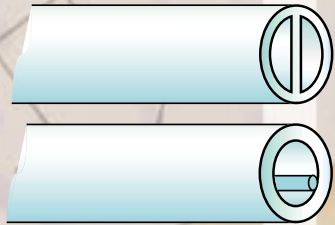

- Mechanical and programmable pipette pullers available in vertical or horizontal configurations

## Microbeveller

- Revolutionary grinding/capping technology assures super-quick bevelling

*Receive 5 vials of Capillary Glass free when you place your order for any Pipette Puller or PLI Microinjector by 12/31/00!*

## Capillary Glass

- Wide range of precision capillary glass styles
- Different glass materials available

## Microforges

- Bend and fabricate metal and glass tools with ease!

## Use in microinjection, micromanipulation, or microincubation applications!

*Harvard offers products for every step of the microinjection process from start to finish. After fabricating your glass or metal tools to your specifications, use them with any of our PLI Microinjectors, PDMI Microincubators, or High-Precision Micromanipulators.*
