## Beagles of New England States

# 2008 *Calendar*

Beagles of New England States, Inc. (BONES) is a non-profit organization founded in June 2003. Since its inception, BONES has placed more than 800 beagles in safe and loving homes. BONES has no paid staff and depends entirely on the generosity and commitment of more than 170 volunteers who assist with transports, home visits, adoption counseling, foster care, fundraising, special events, etc.

Where do beagles in the program come from? Some are strays, while others are much-loved pets from families overwhelmed by financial or personal tragedy. Some beagles are rescued from shelters or testing labs and others from neglect and abuse situations.

When an adoptable beagle is taken into the BONES program, it is examined by a veterinarian, treated for existing medical problems, tested for heartworm, and given all necessary vaccinations. All beagles are spayed or neutered prior to placement.

Beagles are placed in foster homes for an unlimited amount of time before being adopted. During this period, they are evaluated by the foster families for sociability with people, children, dogs, and cats. Foster families provide BONES with detailed information about the personality and traits of beagles in their care.

BONES provides educational materials to raise awareness of pet guardianship, health issues, and the importance of training. A quarterly newsletter is published to fulfill some of these goals. BONES also refers adopters and/or families who have beagles with special needs to experienced trainers and certified animal behaviorists to find solutions that enables a beagle with behavioral problems to remain in the care of its family.

**"Scout" © Tom Farina & George Frost**

If you are interested in adopting a BONES beagle, please complete the adoption application on our website ([www.bonesbeagles.org](http://www.bonesbeagles.org)) or call BONES at (508) 473-2228 to have an application sent by mail. The application process consists of filling out the application form, a telephone interview, reference check, and home visit by a BONES volunteer with his or her beagle.

BONES' goal is to match each adoptive family with the most appropriate beagle for them, so the beagle will have a lifelong guardian and all will have a happy life together.

BONES relies on donations from those who care about animals and especially about beagles. Your financial support is needed and welcomed. Money raised helps BONES care for homeless beagles and find them "forever homes." BONES is a 501(c)(3) non-profit organization and all donations are tax-deductible.

If you would like to become a volunteer and work with others who are making a difference for the beagles of New England, please visit our website for more information about getting involved!
